

Learning Unit 1 / Activity 1.1.: **Annex 3**

Quick brainstorming

- Organize the learners in 3 groups. Distribute each group a paper with the information below and explain what their tasks are.
- As a trainer/tutor, visit each group in order to discuss the findings/results and provide your support/feedback.
- After finishing the brainstorming and creating its mind map, ask each group to present the results in front of the other groups.

Task for learners

In your group, perform a quick brainstorming and apply critical thinking to identify 5 challenges and 5 benefits/advantages of (1) Intercultural Education and (2) Multicultural Education, from the perspective of how to use them to efficiently combat social inequities within communities that are hosting immigrants.

Discuss with colleagues in your group and work together to create a mind map for each type of education from above.

After finishing, the trainer will ask you to your mind maps in front of your colleagues in 3 minutes.

Allocated time (without presentation in front of the other groups): 10 minutes
